Greenlam

L A M I N A T E S

Los laminados de alta presión Greenlam son materiales de revestimiento que se pegan sobre un sustrato (MDF, aglomerado, triplay etc.).

Disponible en varios tamaños y diseños, con opción de propiedad antibacterial. Son excelentes para la fabricación de mostradores, mesas, escritorios, exhibidores, mobiliario escolar, puertas, stands, decoración de interiores, libreros, closets y mucho más. Metales sólidos.

ESPESOR: .6mm

DIMENSIONES: 1.22 x 2.44m, *oversize* perimetral

BONDADES: Superficies Antibacteriales, Retardancia al fuego, Bajas Emisiones, Certificaciones Ambientales.
